

## Smile

Someone is always watching, so push your boundaries, face your fears and show everyone your determination to create and impress.

## Listen

Have open ears, listen to everything.

## Time

Use your time wisely to impress, achieve, learn and grow.

## Phone

07791 339649

## Email

me@lukeja.co.uk

feel free check out my website

## Hobbies

I love the ocean, the waves, the sun glistening on the water and I enjoy to take photos, capturing the Earth's natural beauty. I love to go paddle-boarding, surfing or on my lilo, as well as ice skating and skiing. I find that these hobbies have influenced my work through my keen eye for beauty and detail as well as my ambition to be the best at whatever I do by using competition from others to drive me to success.

## Skills

HTML 5  
CSS 3  
C#  
JavaScript  
Photoshop  
Illustrator  
After Effects

## Back

Go back over your successes and make them even better. In doing so, you will create something show stopping.

## University

- BA (Hons) Interactive Media Production (ongoing)

## College

- Triple Distinction: Interactive Media (BND)  
- Grade E: Mathematics (A-level)

## aPint Films, Nottingham

Jun 2010 to Jan 2013

I created the organisations website and kept it updated. I helped with lighting during filming of Zombie Hood and also helped keep track of continuity. I worked on the camera, recording behind the scenes footage and also on the clapper so the audio could be easily matched with the video.

## BU Web Dev, Bournemouth

May to June 2012

I worked in the University Web Team's building and created a Twitter Map of the University campus that places tweets with a buildings hash tag on the relevant building on the map.

## Luke Allcock

Born in Nottingham. I'm intelligent, honest, hardworking and reliable. I have a full, clean driving licence, I speak basic french and I'm passionate about design.

## Design + Simplicity

I love to create beautiful, clean and simple designs. If something isn't beautiful, when it could be, then I can't use it; an ugly app or website is as bad as one that doesn't work at all. I have a competitive streak that allows me to produce my best work when under pressure and I always strive to be the best in what I do or create.

## Search

I'm searching for challenges to allow me to learn and develop my interactive media and design skills, as well as opportunities to showcase my existing talent.

## Bournemouth University

I currently study a BA (Hons) in Interactive Media Production. Also known as Digital Media Design.
